## MP800 POWER SUPPLY

Power supply designed in red and black, compatible with "Haswell" fourth-generation Intel processors.

Its ecological 85 + design gives it an extremely high efficiency, up to 85%, for a great energy saving and enlarging its useful life.

Perfect for gaming because of its powerful technology of rail 12v, for increased performance. It also has long wires for greater compatibility with all kind of boxes.

European engineering and safety internationally certified by recognized testing laboratories.
